**231.08 Issuance of bonds.** (1) Subject to sub. (7), the authority may from time to time issue bonds for any corporate purpose. All such bonds or other obligations of the authority issued under this chapter are declared to be negotiable for all purposes, notwithstanding their payment from a limited source and without regard to any other law. The authority shall employ the building commission as its financial consultant to assist and coordinate the issuance of bonds and notes of the authority.

(2) The bonds of each issue shall be payable solely out of revenues of the authority specified in the resolution under which they were issued or in a related trust agreement, trust indenture, indenture of mortgage or deed of trust.

The bonds or notes may be sold at public or private sale for such price and in such manner and from time to time as the authority determines. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates which shall be exchanged for the definitive bonds.

(4) Any bond resolution may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to:

(a) Pledging or assigning the revenues of the project with respect to which the bonds are to be issued or other specified revenues of the authority;

(b) The rentals, fees and other amounts to be charged, and the sums to be raised in each year thereby, and the use, investment and disposition of such sums;

(c) The setting aside of reserves or sinking funds, and the regulation, investment and disposition thereof;

(d) Limitations on the use of the project;

(e) Limitations on the purpose to which or the investments in which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied;

(j) Any other matters relating to the bonds which the authority deems desirable.

**(5)** In addition to the other authorizations under this section, bonds of the authority may be secured by a pooling of leases whereby the authority may assign its rights, as lessor, and pledge rents under 2 or more leases of health facilities, educational facilities, research facilities, or child care centers with 2 or more health institutions, educational institutions, research institutions, or child care providers, as lessees respectively, upon such terms as may be provided for in bond resolutions of the authority.

**(6)** Neither the members of the authority nor any person executing the bonds are liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance thereof.

**(7)** Beginning on May 23, 2000, the authority may not issue bonds for the purpose of purchasing a health maintenance organization, as defined in s. 609.01 (2), or any other insurer, as defined in s. 600.03 (27).

The bond resolution providing for the issuance of bonds so secured shall pledge the revenues to be received by the authority as a result of the terms of the financing referred to in the resolution, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as are reasonable and proper and not in violation of law, including particularly such provisions as are specifically authorized by this chapter to be included in any bond resolution of the authority, and may restrict the individual right of action by bondholders. In addition, any bond resolution may contain such other provisions as the authority deems reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of the bond resolution may be treated as a part of the cost of the operation of a project.

**History:** 1973 c. 304; 1977 c. 29.

**231.10 Bonds not public debt. (1)** The state is not liable on notes or bonds of the authority and the notes and bonds are not a debt of the state. All notes and bonds of the authority shall contain on the face thereof a statement to this effect. The issuance of bonds under this chapter shall not, directly or indirectly or contingently, obligate the state or any political subdivision thereof to levy any form of taxation therefor or to make any appropriation for their payment. Nothing in this section prevents the authority

from pledging its full faith and credit or the full faith and credit of a health institution, educational institution, research institution, or child care provider to the payment of bonds authorized under this chapter.

**(2)** Nothing in this chapter authorizes the authority to create a debt of the state, and all bonds issued by the authority under this chapter are payable and shall state that they are payable solely from the funds pledged for their payment in accordance with the resolution authorizing their issuance or in any trust indenture or mortgage or deed of trust executed as security therefor. The state shall not in any event be liable for the payment of the principal of or interest on any bonds of the authority or for the performance of any pledge, mortgage, obligation or agreement which may be undertaken by the authority. No breach of any such pledge, mortgage, obligation or agreement may impose any pecuniary liability upon the state or any charge upon its general credit or against its taxing power.

**History:** 1973 c. 304; 1977 c. 29; 1987 a. 27; 1993 a. 124; 2009 a. 2.

**History:** 1973 c. 304; 1977 c. 29.

**231.12 Studies and recommendations.** It is the intent and purpose of this chapter that the exercise by the authority of the powers granted to it shall be in all respects for the benefit of the people of this state to assist them to provide needed health facilities, educational facilities, research facilities, and child care centers of the number, size, type, distribution, and operation that will assure admission and health care, education, research opportunities, or child care of high quality to all who need it. The authority shall identify and study all projects which are determined by health planning agencies to be needed, but which could not sustain a loan were such to be made to it under this chapter. The authority shall formulate and recommend to the legislature such amendments to this and other laws, and such other specific measures as grants, loan guarantees, interest subsidies, or other actions the state may provide which would render the construction and operation of needed health facilities, educational facilities, research facilities, and child care centers feasible and in the public interest. The authority also shall identify and study any laws or rules which it finds handicaps or bars a needed health facility, educational facility, research facility, or child care center from participating in the benefits of this chapter, and recommend to the legislature such actions as will remedy such situation.

The authority shall contract with a participating health institution, participating educational institution, participating research institution, or participating child care provider for each issuance of bonds. The contract shall provide that the rents or other revenues payable by the health facility, educational facility, research facility, or child care center shall be sufficient at all times to:

(a) Pay its share of the administrative costs and expenses of the authority;

(b) Pay the principal of, the premium, if any, and the interest on outstanding bonds of the authority issued in respect of such project as they become due and payable; and

(c) Create and maintain reserves which may but need not be required or provided for in the bond resolution relating to such bonds of the authority.

(2) The authority shall pledge the revenues derived and to be derived from a project and other related health facilities, educational facilities, research facilities, or child care centers for the purposes specified in sub. (1), and additional bonds may be issued which may rank on a parity with other bonds relating to the project to the extent and on the terms and conditions provided in the bond resolution. Such pledge shall be valid and binding from the time when the pledge is made, the revenues so pledged by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the bond resolution nor any financing statement, continuation statement, or other instrument by which a pledge is created or by which the authority's interest in revenues is assigned need be filed or recorded in any public records in order to perfect the lien thereof as against 3rd parties, except that a copy thereof shall be filed in the records of the authority and with the department of financial institutions.

Any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this chapter, subject to such regulations as this chapter and the bond resolution authorizing the bonds of any issue provide.

**History:** 1973 c. 304.

**231.15 Rights of bondholders.** Any holder of bonds issued under this chapter or a trustee under a trust agreement, trust indenture, indenture of mortgage or deed of trust entered into under this chapter, except to the extent that their rights are restricted by any bond resolution, may, by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond resolution. Such rights include the right to compel the performance of all duties of the authority required by this chapter or the bond resolution; to enjoin unlawful activities; and in the event of default with respect to the payment of any principal of, premium, if any, and interest on any bond or in the performance of any covenant or agreement on the part of the authority in the bond resolution, to apply to a court to appoint a receiver to administer and operate the projects, the revenues of which are pledged to the payment of principal of, premium, if any, and interest on such bonds, with full power to pay, and to provide for payment of, principal of, premium, if any, and interest on such bonds, and with such powers, subject to the direction of the court, as are permitted by law and are accorded receivers, excluding any power to pledge additional revenues of the authority to the payment of such principal, premium and interest.

Except for bonds to refund bonds issued under s. 231.03 (6) (g), no bonds may be issued under this section unless the authority has first entered into a new or amended agreement with a participating health institution, participating educational institution, participating research institution, or participating child care provider to provide sufficient revenues to pay the costs and other items described in s. 231.13.

(2) The authority may apply the proceeds of the bonds issued to refund or refinance any outstanding bond or indebtedness to the purchase or retirement at maturity or redemption of the outstanding bond or indebtedness either on its earliest or any subsequent redemption date or upon the purchase or at the maturity of the bond or indebtedness. The authority may, pending application, place the proceeds in escrow to be applied to the purchase or retirement at maturity or redemption on any date the authority determines.
